

## ACADEMIC ADVISING OFFICE Fall 2020

### Mission Statement

The AAO's mission is to provide services to assist students in achieving academic goals and personal success. We are here to help assist and support you from registration through graduation. We can help you:

- Select your courses
- Define and develop realistic course schedules
- Understand academic policies and programs

### Status Sheets

A Status Sheet specifically expresses the requirements for graduation for each degree program. The Status Sheet also shows all classes the student has completed, the respective grade received for each class and any classes that are currently in-progress. Understanding its usefulness is basic in planning and fulfilling an order process of studies.

The student's Status Sheet is available online at [MyCampus](#) under the Academics menu.

### **AS A CURRENT LUTHER RICE STUDENT, HOW DO I BEGIN A NEW DEGREE PROGRAM AT LUTHER RICE?**

In order to make the change you must fill out a readmission application and pay the appropriate fee or contact the Enrollment Team at [Admissions@LutherRice.edu](mailto:Admissions@LutherRice.edu). You will receive a letter of acceptance and a new status sheet when the change has been processed.

### **WHAT DO I NEED TO DO IF I AM CLOSE TO GRADUATION?**

It is your responsibility to check your status sheet and verify which required courses remain in your respective course of study. In the event you are on track to complete your program by the end of the Spring Semester, you must apply for graduation by November for graduation in May. The graduation application and specifics are available on our website on the Registrar's Office page. Graduation fees are non-refundable, so please be realistic when you are scheduling and planning.

### **IS THERE ANY PARTICULAR ORDER IN WHICH TO TAKE MY COURSES?**

Graduate and seminary programs are sequenced according to the recommended order in which you should schedule courses. In the event that classes that are specified to be next in sequence are not offered, you should select the next available classes in sequence. During the next semester, you should plan on taking the classes that were unavailable the previous semester.

For undergraduate programs, there is a required order only if the catalog notes a prerequisite course. You are encouraged to start with the survey courses (for example Old and New Testament Survey or Introduction) if possible. You are also encouraged to reference the full-year course schedule and work with the Academic Advising Department to efficiently plan out your schedule. Try to complete your required classes first and then take electives as you desire or when there are no required ones available.

### **WE'RE HERE TO SERVE STUDENTS!**

AAO exists to assist you the student in achieving your academic goals and personal success. The Academic Advising Office is here to assist you with your course scheduling and degree planning questions.
